

Hi, My name is Susan

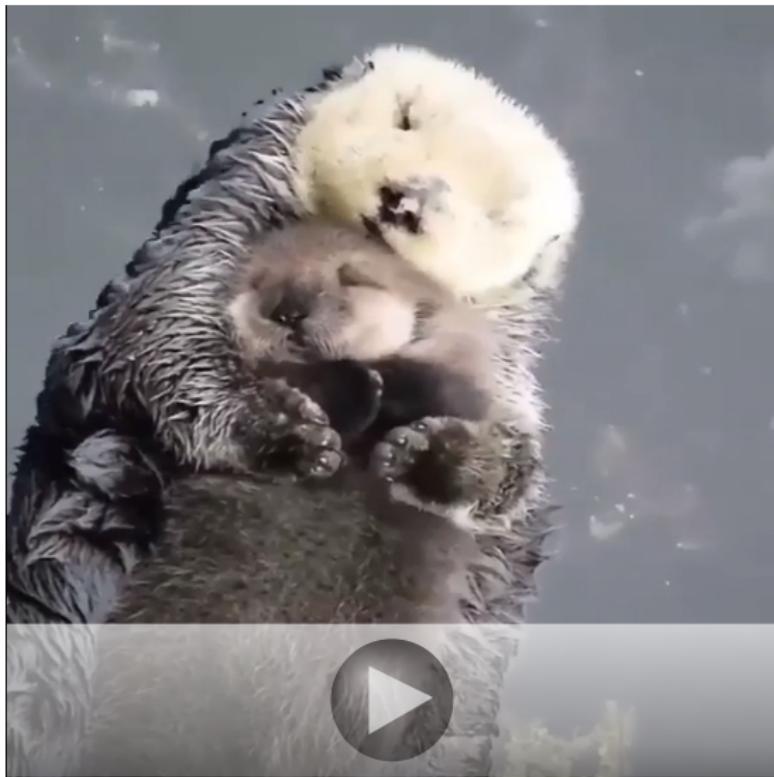

Susan Vanderplas

10/18/2020

Introduction

- Birthday: August 21
- I grew up in Houston, TX (for the most part)
- I got my undergrad degree in psychology and applied mathematical sciences
- I started my PhD in Bioinformatics before deciding that I hate plants (mostly, pollen) and don't want to help them achieve any sort of reproductive success

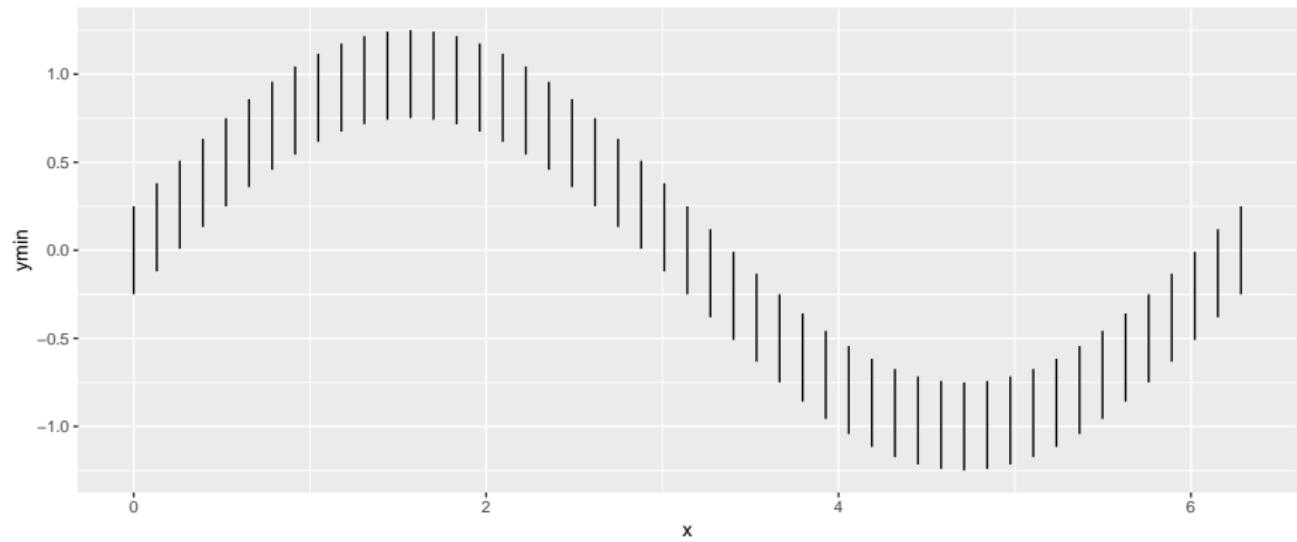

Favorite Animal = Anything adorable and fuzzy

(This is a video if you open it with the right pdf reader)

Favorite Plot

Ok, this isn't my favorite plot, but it is at least one that is fun and easy to generate...

CV

My CV can be found [here](#)
